

LEENA
&
VISHAL

AUGUST 12, 2016

FEATURE WEDDING
Rocky Mountains

"Leena and Vishal are beautiful in every way. One of the most beautiful, emotional weddings I have ever had the honour of capturing. With so much going on, I found them to be so peaceful throughout the day. An amazing day capturing the beauty that surrounds Banff while celebrating Leena and Vishal's true love for each other. During Vishal's speech he asked that everyone close their eyes to reflect on the beauty and love that surrounded them, the happiest times of their lives and what brings joy to their lives...it was truly an unforgettable moment...one that I will carry with me throughout my career."
